

## **New book on MTD is already published!**

Some days earlier the reference book "Noiseproof coding. The methods and algorithms", that has been expected by the specialists for a very long time, was published (in Russian). It was edited by corresponding member RAS U.B.Zubarev, General director of NIIR, Moscow. The authors: V.V.Zolotarev, G.V.Ovechkin. The reference book was printed in the publishing house "The Hot Line - Telecom", Moscow.

If you are interested in getting of large number of copies of this useful book, address with your proposals directly to the publishing house: [www.techbook.ru](http://www.techbook.ru) , or you may call them: tel. +7 095 287 15 03 , +7 095 287 49 56 .

You may call us.

You may buy the book in Internet-agency Dessy (web-site [www.dessy.ru](http://www.dessy.ru) ), tel.+7 095 304 72 31 and in the shop "Biblio-Globus" in Moscow near subway "Lubjanka" .

### **Wait for news!**

The latest results on MTD algorithms will be submitted at 6-th International DSPA Conference-exhibition in Moscow, March, 31, 2004! ([www.dspa.ru](http://www.dspa.ru) ).

\* \* \* \* \*

On this DSPA-exhibition **the unique test bench-simulator of satellite digital channels** with the best known systems of noiseproof coding will be demonstrated and distributed also. The details about the unique test bench-simulator - are on our web-site [www.mtdbest.iki.rssi.ru](http://www.mtdbest.iki.rssi.ru) in the section of new stuffs: "The Simulator of Digital Channel! "
